SUMMARY

New grad software engineer looking for an early-career SDE role.

BCA, PES University (2026). SDE intern at Passiqo (React Native, production).

At R.K. Tantry, GST filing went from 4 days to 4 hours. HydraTask on GitHub.

EXPERIENCE

SDE Intern | Passiqo Technologies | Feb 2026 - Present

- Shipped production React Native surfaces used by real users, not demo builds.

AI Agent Developer Intern | R.K. Tantry & Co. | Apr-Jun 2026

- Built an end-to-end GST pipeline: ingest, validate, reconcile, file.
- Cut filing from 4 days to 4 hours (~95% faster). Humans only on exceptions.

BCA, Computer Applications | PES University | 2023-2026

SELECTED WORK

GST automation

4 days to 4 hours. 95% faster. Shipped in production.

HydraTask

Postgres job queue. 10k jobs, SIGKILL chaos, 0 lost.

Resume Helper

Local-first JD scan. ATS-safe PDF/DOCX export.

Query-mint

Plain English to SQL with inspect/edit and read-only safety.

SKILLS

Python / TypeScript / JavaScript / Next.js / React / React Native

FastAPI / PostgreSQL / n8n / LangChain / TensorFlow / Docker / Firebase
